

# SHEANDOAH HERALD

WOODSTOCK, VA.  
Wednesday Oct. 8, 1879.

## TOWN AND COUNTY AFFAIRS.

**B. & O. R. R. TIME TABLE.**—On and after Sunday June 15th, 1879, Trains will leave Woodstock as follows:  
**MOVING WEST.**  
Through Freight Leaves A. M. 7:41  
Way Freight Leaves P. M. 2:47  
Passenger Train Leaves P. M. 1:41  
**MOVING EAST.**  
Way Freight Leaves A. M. 11:29  
Passenger Train Leaves P. M. 2:47  
Through Freight Leaves P. M. 7:39

## ANNOUNCEMENTS.

**HOUSE OF DELEGATES.**  
We are authorized to announce Dr. J. B. STRAYER, as a candidate for the House of Delegates, Virginia Legislature, 1880-81.

**FOR THE SENATE.**  
We are authorized to announce Dr. J. B. STRAYER, as a candidate for the Senate, Virginia Legislature, 1880-81.

**PUBLIC SPEAKING.**—Mr. D. S. HENKEL will address the citizens of this county at the Court House, on next Monday, Court day, upon the issues of the day.

On account of pressure of advertising our space for news and original matter has been limited this week. Many of the advertisements will be of interest to a number of our readers.

Rev. Charles Converse, of Ringgold, N. J. preached in the Presbyterian Church in this place, on last Sunday morning and in the Methodist Church on Sunday night. He is a pleasant and interesting speaker.

**RELIGIOUS NOTICE.**—A protracted meeting under the pastoral charge of Rev. T. D. Collins, will begin at Green Hill, on next Saturday evening, October 11th.

The price for wheat is still advancing, \$1.20 per bushel was offered in this market this morning.

**THE WEATHER.**—The weather for the last week has been as warm as mid-summer and very dry. The thermometer stood in the nineties one or two days.

Just received and for sale 150 bushels prime timothy seed at \$3.00 per bushel. Delivered on cars at Mt. Jackson.

**J. P. LONAS.**  
A bass caught in the Potomac river, near Leesburg, last week, weighing five pounds. In it was found \$1.50 in silver half dollars. Now all of us will go bass-fishing.

The dwelling house of George Rasmussen, in Augusta county, Va., was destroyed by fire on Wednesday. It was destroyed by fire on Wednesday. It was destroyed by fire on Wednesday.

**NEW GOODS.**—Mr. M. Coffman is now receiving his stock of new fall goods, which will be sold at the lowest market rates. He invites the public to call, inspect his goods and see how cheap they will be sold.

Prevention is better than cure, and Dr. Bull's Baltimore Pill are the best preventive of disease known. They are used, approved and recommended by myriads of people throughout the land.

The trains have been again knocking cows off the track. One belonging to Mr. John Elick was knocked off the track last Friday, and one belonging to Mr. Harry Shull on Saturday. Both cows were badly injured.

**HYMENIAL.**—Mr. Jno. B. Bare, accompanied by his fair bride passed this place, yesterday, on his way home. He seemed to be happy and contented. We wish him much joy and hope that his married life may be marked with the greatest success.

**EXAMINATION.**—An examination of applicants for Teacher's license will be held in the Graded School building at Woodstock, on Saturday, October 18th, beginning at 10 o'clock A. M. All teachers who expect to teach in the schools of this county and who do not now hold certificates are requested to be present at this examination.

**J. H. GRABILL, C. S. S.**  
**WINCHESTER FAIR.**—The Winchester Fair is now open. Excursion trains run every morning from Mt. Jackson and return every evening. We would have published the schedule in full, for the accommodation of parties in the country wishing to visit the Fair, but were not furnished a copy. To-morrow the train will be run from Staunton and for round trip from Woodstock will be \$1.25 with corresponding rates from other stations.

**PERSONAL.**—We received this week a visit from Mr. G. W. Anderson from Indiana, who is now on a visit to his friends in this county. Mr. Anderson left Shenandoah forty years ago, but was never forgetful of his native country. He was a constant reader of the Herald and his name is enrolled among the oldest subscribers to this paper. He has always kept posted on the local news and was at all times able to converse intelligently about the local affairs of his native county. May he be able to read the news from his old home for many years is our fervent desire.

**WOODSTOCK GRADED SCHOOL.**—The trustees of the Woodstock Graded School have promptly filled the vacancy caused by the resignation of Prof. R. D. Halstip. The school has been placed under the charge of Mr. W. W. Logan, whose reputation as a teacher is well known in many sections of the county. The classical department is under the charge of Mr. Cooper D. Schmitt, who graduated at Mercersburg College, and is the first honor of his class. Should the school become so large that the teachers now employed cannot give the pupils the necessary attention, another teacher will be employed. The school, we have every reason to believe, under its present management, will be successful and efficient.

## DANGEROUS.

The parents of many of the children of this place are not aware of the danger to which their children are exposed by riding on cars at the depot. A few weeks ago, a boy had his leg fearfully crushed at the Staunton station, another case on this road has since been reported where a boy barely escaped death. We find in an exchange of this week that a boy named John Conneron indulged in the dangerous practice which visitors to our depot can see exercised every day. This lad fell from the rear of the engine and the drive wheels passed over his body which in a moment was converted from a live, healthy body into a mangled, bleeding, lifeless mass. Unless the dangerous practice of jumping on cars is discontinued, it may be that in this community, the sudden crushing of the life out of your boy will be the sad intelligence that will fall upon your ears. In some towns they have ordinances which prohibit boys playing about the railroad yards, or on cars. An ordinance of this kind, well enforced, might save the lives of some of our boys.

**FINE FRUIT.**—If any one travelling through this country should see the specimens of fruit which we have received at this office, he would be fully convinced that the Shenandoah Valley occupies a high position as a fruit country. Since our last issue Col. Conn has left with us a couple of apples one of which weighed 173 ounces. Mr. J. H. Clawson sent in a fine lot of specimens one of which weighed twenty-five and a half ounces; Mr. Jacob Burner sent us a couple which for beauty as well as size stand among the finest specimens yet exhibited. The quality of these apples is good, though we have made no personal test of them.

Last but not least, we are indebted to Mrs. Captain McGinnis for a basket of peaches and pears which would make the mouth of any one water. There was no disappointment in either quantity or quality, but they were calculated to make any one dream of the land of luscious fruits.

**Valley News.**  
By a recent arrangement, more than \$2,000,000 have been secured for the Shenandoah Valley railroad, which will insure its early completion to the Chesapeake and Ohio road at one end and its connection with the Western Maryland at the other.—Skep. Reg.

We learn from the Fredericksburg News that Mr. John R. Ficklen, who last session received the degree of Bachelor of Letters from the University of Virginia, has accepted the professorship of Ancient Languages in the University of Louisiana.

**Staunton Indicator.**—Misfortunes never come single.—A little daughter of Mr. Calvin Colner, about 10 years old, some time during last winter, fell on the ice and injured one leg, which has proved to be very serious. Some weeks ago the nature of the hurt developed in a distressing form. On examination, the thigh bone of the little sufferer was found to be utterly decayed, and amputation a necessity to save life.

Dr. Gibson, of Staunton, and Jones and Myers, of Waynesboro, concurred in removing the limb above the knee, which was successfully performed, and the life of a bright little girl and the only daughter of Mr. Colner may be saved.

To add to the distress of this stricken family, Mr. Colner himself was kicked by a vicious animal and had an arm broken, within a day or two, which will disable him for the present. And, further, his eldest son, a lad aged about 12, has for a number of years been the victim of white swelling, which bids fair to be a permanent evil.

**Staunton Spectator.**—Prof. E. Louis Ide, Prof. of music in the Wesleyan Female Institute and Staunton Female Seminary, of this city, has been placed upon the programme for an address on music at the Fourth National Sunday School Convention of the Evangelical Lutheran church, to be held at Lewisport, Pennsylvania, on the 4th, 5th and 6th days of next month. This is highly complimentary to Prof. Ide as a talented musician, and also to the schools which employ him as indicative of the high grade of talent employed by them to teach the young ladies who attend these colleges, the science of music.

This convention promises to be an occasion of very great interest and profit to all who may be present, and it will doubtless be very largely attended. Sincerely a week passes that we are not called upon to chronicle the destruction of some one's barn by incendiaries.

This week it is that of Mrs. Johnson, on South River. Besides the destruction of the barn, the whole crop of her tenant, Mr. George Harris, consisting of 300 bushels of wheat, his entire crop of hay, &c., was destroyed. A separator, belonging to Mr. James Steele, of Greenville, which had been moved to the barn on the day previous, was also considerably damaged.

No effort should be spared by the community and the county officers to find out the offender and bring him to punishment. A stop must be put to this thing, or no person's property will be safe.

**Page Courier.**—Prof. Eggleston, the distinguished mining engineer of the School Mines, Columbia College, N. Y., is now at the Shenandoah Iron Works in this county, and will devote several days to the examination of the vast mineral deposits of our county.

Opium is the most dangerous drug, especially when given to children in the shape of a soothing remedy. Dr. Bull's Baby Syrup is warranted not to contain opium in any form and is the most innocent and efficacious remedy for children teething. Price 25 cents a bottle.

**PHOTOGRAPHIC GALLERY.**—A rare opportunity to have your countenance flattered. S. K. Wright the well known and popular photographer will be in Woodstock on the 13th, will make pictures cheaper than ever in all styles known to the art. Will remain 2 days only.

**Any Patent Medicine** Advertised in this paper can be had of B. Schmitt at the regular price. June 12—M

## Delinquent Capitalists, Property and Debt for 1879.

J. W. Wenger will have a fine lot of two-year-old Concord, Hartford's Profit, and Martha, grape vines, for sale on next court day, at Woodstock. Parties wishing to purchase can secure No. 1 vines at a very low price by calling on him, at that time.

The only paint that will not crack or peel off is that prepared by Wadsworth, Marting and Longman, and sold by B. Schmitt, of this place. This is a positive fact attested by many years experience. It is simply a PURE PAINT, not chemical, enamel, rubber or anything of the sort.

Mrs. Hughes would inform the ladies of Woodstock and vicinity, that she is now prepared to furnish new hats and bonnets, trimmed and untrimmed, as cheap as can be bought anywhere, and also, to shape and make over old ones. Full line of ruchings, cravats, veils, &c., &c., kept on hand.

The debt of Virginia has been readjusted and the new bonds will soon be issued. This subject has interested the people in every section of the State, but there is a subject of greater importance to our readers. Many of them are afflicted and are unfit for business, because they are suffering from dyspepsia, loss of appetite, nervous affections, liver complaint, &c. For these afflictions SMITH & SHAKMAN'S Stomach Bitters is one of the great remedies. Try it. If your merchant does not sell it, get him to order it. The Commissioner of Internal Revenue has decided that it can be sold by merchants who have no liquor license, or order it yourself of SMITH & SHAKMAN, Wholesale Druggists, Baltimore, Md. May 21.—17.

## Special Notice.

A CARD.—To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City, Jan. 15.—17.

## MARRIED.

Married Sept. 25, 1879, by Rev. M. F. Keller, at the residence of the bride's parents, near Mt. Olive, Mr. James W. Clem and Miss Virginia C. Graves, all of Shenandoah
